EXPERIENCE

Graduate Assistant/Instructor - University of Florida

Jan 2017 – present | Gainesville, FL

- Developed, planned and implemented a high quality curriculum by teaching/assisting different courses in economics such as managerial economics, econometric analysis, game theory applied, principles of macroeconomics, and environmental economics.

Risk Analyst - Industrial Development Bank of Turkey

Aug 2016 – July 2018 | Istanbul, Turkey

- Managed over 300 corporate portfolios for credit analysis and performance reviews. Monitored and controlled credit risks in support of sustainable growth, facilitating use of Internal Ratings Based (IRB) approach to determine early warning indicators. Calculated Capital Adequacy Ratio by utilizing econometric models, assessing compatibility, and reporting monthly to the Executive Board.
- Consolidated financial statements of 2 subsidiaries and 3 associates and synthesized findings into standard report framework.

Winter Intern - Central Bank of Republic of Turkey

Feb 2016 – March 2016 | Ankara, Turkey

- Succeeded in introduction program and absorbed key concepts of annual reports. Analyzed preparation for monitoring financial institutions and financial market developments in alignment with Central Bank of Republic of Turkey objectives.

Summer Intern - Ernst & Young (EY)

June 2015 – Aug 2015 | Ankara, Turkey

- Interned in Tax Department. Simulated the audit process of corporate tax returns by running tax models. Participated in and contributed to tax legislation training.

Summer Intern - Ministry for EU Affairs

June 2014 – Aug 2014 | Ankara, Turkey

- Contributed to Economic and Financial Policies Directorate of the Ministry for EU Affairs.
- Participated in evaluation process of multiple programs financed by IPA Funds. Created methods for aligning Turkish legislation with EU Acquis by targeting economic criteria, and economic and monetary union.
